

Certification of Rewriting

To Whom It May Concern:

This letter verifies that the following paper has been edited by a trained technical rewriter who is a native speaker of English.

Title: Theoretical Calculation of Non-existent Imaginary Variables

Author: Makoto MORIMOTO

HGC Log #: E88088

There should be no problem whatsoever in publishing this paper from the viewpoint of English usage. If you have any concerns about the English used in this paper, please feel free to consult with me directly.

Human Global Communications was established in 1969 (as Kurdyla and Associates) and has served the technical rewriting and translation needs of Japan's leading universities, corporations, and research institutes. For more information, please see <http://www.hgckansai.com>

Note that Human Global Communications does *not* assume responsibilities for the following:

- 1) Scientific or experimental accuracy; sufficiency of supporting data
- 2) Formatting required by a specific journal or the spelling of names in citation
- 3) Any change made by the author subsequent to work by Human Global Communications

Your expeditious handling of the author's manuscript would be greatly appreciated.

Sincerely yours,

Ron Read

Vice President/Osaka Branch Manager
